PATENT EXAMINER

DETAILED ACTION

1. Please note that the Examiner for the present application has changed. However, the Technology Center (1600) and Art Unit (1639) have remained the same. The examiner apologizes for any inconvenience.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on October 13, 2005 has been entered. An initial request for RCE received on March 28, 2005 is also noted and entered.

3. The amendment to the specification received on December 5, 2005 has been entered. The Office communication mailed on February 16, 2006 entering the amendment to the specification (see above) received on December 5, 2005 was inadvertently addressed as a "Response to Rule 312 Communication". It is noted that a 312 was not submitted and therefore the Office communication has an improper heading. The examiner apologizes for any inconvenience.

Application and Claims Status

4. Claims 120-137 and 148 are pending.

Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance: Claims 120-137 and 148 are allowed because the prior art references submitted on October 13, 2005 and December 12, 2005 in the Information Disclosure Statement (PTO-1449) do not teach or suggest the claimed device comprising a solid support having an array of positions, a linker, and capture oligonucleotide probes with greater than sixteen nucleotides and differ from each other by at least 25%.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and to avoid processing delays should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

Future Communications

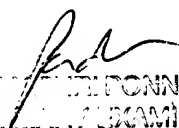

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Amber D. Steele whose telephone number is 571-272-5538. The examiner can normally be reached on Monday through Friday 9:00AM-5:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Andrew Wang can be reached on 571-272-0811. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
